DETAILED ACTION

1. This Office Action is in response to the applicants' communication received on March 15, 2007.
2. Claims 1-23 are presented for examination.
3. The applicants have not amended any claims.
4. Applicants' arguments with respect to claims 1-23 have been considered but are deemed to be moot in view of the new grounds of rejection.

Allowable Subject Matter

4. Claims 1-14 and 21-23 are allowed.

Remarks

5. The Examiner extends her appreciation to the applicants' representative regarding an earlier conversation (interview), the Examiner stated that the claims would be considered for allowance. However, upon closer examination of the claim limitations, the claims cannot be allowed at this time because of the claim objection presented in the Office Action below.

At this point, the Examiner kindly requests that the applicants take this claim objection into consideration with respect to the claim limitations of claims 15-20.

Claim Objections

6. Claim 15 is objected to because of the following informalities:

Claim 15 should be amended to comprise claim limitations which would be consistent with claims 1 and 21. Claims 1 and 21 recite "storing the histogram vector on a data store accessible by a processor". Claim 15 should recite "storing the histogram vector on a data store accessible by a processor" to have the same consistency within the claim limitations that are presented in claims 1 and 21.

Therefore, claims 16-20 are also objected to because these claims are dependent upon the above objected base claims.

Appropriate correction is required.
